PROFESSIONAL SUMMARY

Motivated Computer Science and Engineering graduate with strong analytical, documentation, and problem-solving skills. Completed an AI-based undergraduate thesis and developed proficiency in Microsoft Excel, Google Sheets, Google Docs, and basic Python. Eager to contribute to AI project operations while gaining hands-on experience in project coordination and reporting.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science and Engineering (CSE)	Higher Secondary Certificate (HSC)	Secondary School Certificate (SSC)
BRAC University 2026 CGPA: 3.09 / 4.00	Tongi Pilot School & Girls' College 2020 GPA: 4.92 / 5.00	BKSP Public School & College 2017 GPA: 4.77 / 5.00

ACADEMIC RESEARCH

Comprehensive Study on Context-Aware and Behavioural Anomaly Risk Assessment and Prevention System: A Hybrid AI-Driven Approach to Risky Driving Pattern Detection

- Conducted a comprehensive literature review on AI-driven methods for detecting and preventing risky driving behaviors.
- Analyzed research papers and survey studies on context-aware risk assessment and behavioral anomaly detection techniques.
- Collaborated with supervisor, peers, research assistants, teachers, and subject-matter experts to evaluate existing methodologies and identify research gaps.
- Prepared detailed documentation, reports, presentations, and summaries of key findings.

TECHNICAL SKILLS

- **Programming Languages:** Python, C, JavaScript
- **Web Development:** HTML, CSS, MERN Stack
- **Database:** MySQL, MongoDB
- **Tools:** Git, GitHub, Canva, Adobe Photoshop, Adobe Illustrator
- **Productivity:** Microsoft Office

SOFT SKILLS

- Teamwork
- Time Management
- Effective Communication
- Critical Thinking
- Adaptability
- Problem Solving

CERTIFICATIONS & COURSES

- Web Development Fundamentals – BRAC University
- Graphic Design Certification – BRAC Institute of Skills Development (BRAC ISD)& Ostad
- English Language Skills Certificate – British Council

PROJECTS

Online Video Streaming Platform

- Developed a Netflix-style video streaming platform with video browsing and playback features.
- Built both frontend and backend functionalities using the MERN stack.
- Implemented user-friendly interfaces and integrated core streaming features.
- Conducted testing and feature integration to ensure smooth performance

Technologies Used: MongoDB, Express.js, React.js, Node.js (MERN Stack)

Recipe Sharing Website

- Developed a recipe-sharing platform allowing users to upload and browse recipes.
- Implemented ingredient purchasing and online payment functionalities.
- Designed and developed both frontend and backend components using the MERN stack.
- Enhanced user experience through responsive design and improved platform functionality.

Technologies Used: MongoDB, Express.js, React.js, Node.js (MERN Stack)

ADDITIONAL INFORMATION

- Languages: Bangla (Native), English (Fluent)
- Interests: Research & Analysis, Technology & Innovation, Continuous Learning, Process Improvement
